

# Gala Dinner

To finish an excellent trip, many of our group customers choose to arrange for an extended menu or Gala dinner for their last night.

This option is often chosen by bowls clubs and other special activity groups to coincide with a presentation or prize giving ceremony.

For these occasions, we can time the dinner service in such a way that you have the dining room to yourself by the time dessert and coffee is served, giving you the privacy you need. Below is a sample of one of these extended menus but if you have any specific wishes or suggestions, please let us know.

The menu below will add £5 to the overall cost of your 'per-person' rate and we're happy to customise this further to include, for example, pre-dinner drinks reception, wine during dinner etc. Just let us have your thoughts and we'll do our very best to realise them for you!
